2. Robbie-seconded

B. Approval of Proposed Agenda

1. Motioned-Megan Dahlgren

III. Agenda Items

A. Safe Routes Discussion–Mrs. Bailey

1. Plan is digital–SCC members will each need to sign off their approval
2. Look over the plan and add any comments
 - a) Look into having a crosswalk painted at the intersection of 1220 W and 8600 S. There is a neighborhood on the north side of 8600 and students have nowhere officially to cross 8600.
 - b) Can we use the name of the apartment complex (River Oakes) to identify part of the Eastern boundary of the neighborhood that is south of 90th.
 - c) Can the parking lot map be part of the “back to school” packet on Skyward?
 - d) Can we do incentives to have students who live close enough to walk to encourage them to walk
 - e) Update on the “flashing crosswalk”:

- (1) We are top of the list (of 10-15 locations) so they are hoping to have them installed by the spring
- (2) Students and Parents will need to be educated that they ARE NOT to be used in conjunction with the crossing guards
 - (a) Street maintenance will alert the school when they are going to be put in so education can begin
 - f) Look into SafeUtah Routes Assembly
 - g) Have announcements include rules for parking lot and crosswalks, etc.

IV. Unfinished Business (Items from this agenda that need to be tabled until the next meeting)

V. New Business (New items not specifically listed on the agenda)

A. Lauren Nalder got the Wellness room grant funded!

B. Megan Meyers: New mom was curious about programs that are offered—wondering if there is a way to continue to inform parents about what is going on in the school.

1. On the Google Calendar—when it says “More Details,” maybe add more details there so parents can see what is happening

a) Can you “subscribe” to the Riverside Google Calendar”

C. Marilyn Richards—Red Flag Days

1. The school has a great plan in place for what happens when the weather/air is in climate (based on the “feels like” temperature rather the actual temperature)

D. Meghan Shelby: Lunch time—not enough time to eat their food

1. Students are allowed to stay at their table if they need more time to eat. Students recognize that they can stay and it has been helpful.

2. If we tried to extend the lunch portion to 20 minutes, behaviors would increase.
