Vote was unanimous for the above motion.

Review of Wellness Policy—Amy Adams

Marissa Walthers was hired as the new PE teacher. Food served in the cafeteria is consistent with the Healthy Foods Act—all food comes from the cafeteria. Staff is encouraged to use non-food rewards. Known allergies are addressed through health care plans. Students are given adequate time to move through lines in the cafeteria. Riverside is 100% in compliance.

Parent Compact Signatures—Amy Adams

No changes to this years' compact. Students Agree to attend regularly, participate in class, respect staff and fellow students, etc. Parents agree to help students have reading time every day, provide a place to study, review and sign data notebooks as they are sent home, etc. Teachers and staff agree to provide a safe learning environment, be respectful of students, etc.

Review of TSSA—Ronna Hoffman

Teacher and Student Success Act

Riverside received \$103,000.00 from the Legislature and School Board for teacher improvement coaches and training. There are 6 teacher coaches at Riverside. Impact teams are the most effective tool for teacher outlook on PLC's to look at success criteria.

Parking Lot Feedback—Ronna Hoffman

Parking on 1220 West near the parking lot access spots decreases ability of drivers leaving the lots to see oncoming traffic on 1220 West. Ronna will call the District as well as contact WJ City to find out the curb can be painted red and designated "no parking" for two car lengths within any parking lot access. We still have a few parents parking in the north lot for drop off/pick-up. Amy Adams is working on communicating with parents and staff who also have children as Riverside students to enforce the "Bus-Only" status of the north parking lot.

Other:—Angie LeBaron

The technology used by the morning news crew is broken and morning announcements are not being televised but are done over the intercom instead. This seems to decrease the effectiveness of the announcements. Ronna says the equipment is in the process of being fixed and, if it is not able to be fixed, will be replaced.
